

The PCA Wellness Policy is reviewed each Spring and any changes will be updated for the following school year. PCA invites you to participate in reviewing our Wellness Policy. An update with specific dates will be announced as we get closer to the review. We encourage participants from but not limited to:

- Parents
- Students
- Physical education teachers
- School health professionals
- School administrators
- School Board
- School Food Authority
- General public

In addition to a yearly review we will be completing an assessment on our current policy this spring. An assessment will include:

- The extent to which schools are in compliance with the local school wellness policy;
- The progress made toward attaining the goals of the local school wellness policy; and
- The extent to which the local school wellness policy compares to a model local school wellness policy.

The Pennsylvania School Boards Association (PSBA) and Alliance for a Healthier Generation have model policies which are posted on Download Forms in the Wellness Policy section.

Dates for the review and assessment will be announced in early spring.
